ArmorSeat™

Jack of All Trades, Master of All.

Unique Seat and Back Design

The **ArmorSeat™** truly lives up to its name. The unique seat and backrest design are engineered virtually indestructible, can be used in almost any environment and come with the same level of durability you've come to expect from BioFit products.

Style, Comfort and Durability Advantages

ArmorSeat,™ Jack of All Trades Pairs Up Fit and Function

The BioFit ArmorSeat really is a “**Jack of All Trades**”. The innovative, patented design of the polypropylene seats and backs allows us to offer these chairs for almost any application. With features like clean room compatibility and optional static control, ArmorSeat chairs are perfect for the lab, clean room or areas that require static control performance. The chairs also include a UV inhibitor and anti-microbial properties that make them a great fit for schools, hospitals, pharmaceutical manufacturing or anywhere else bacteria could cause problems.

Available in Black, Navy Blue,
Burgundy - static control
version only available in Black

ArmorSeat integrates fully contoured lines incorporating a waterfall front seat to provide an ergonomic chair that is comfortable 24/7. Available in different colors, base styles, seat height ranges and casters, the ArmorSeat series is the ideal multi-purpose seating for heavy duty applications in:

- > **Schools** > **Clean Rooms** > **Colleges and Universities**
- > **Laboratories** > **ESD Applications** > **Hospitals**
- > **Manufacturing** > **Clinical Labs** > **Pathology Labs**

For more details on ArmorSeat, or any of our durable, ergonomically-designed products, please call **800-597-0246**, visit **www.biofit.com** or email us at **biofit@biofit.com**.

Options

Finish

While black powder-coated finish is standard, we also offer putty, gray and silvervein powder-coated finishes. Chrome plating is standard with clean room and/or static control performance packages. Otherwise, chrome plating or matching a specific powder-coat finish is available as an added-cost option.

C – Chrome-plated finish on metal parts resists scratching and scuffing.

Seat Controls

Task control is standard. It includes a Soft Touch pneumatic seat-height adjustment, backrest tilt and backrest height adjustment. Other added-cost option includes:

Free Float Articulating Control (FFAC) – pneumatic seat-height adjustment, backrest-height adjustment. Seat and backrest tilt independently with separate levers and can free-float or lock into place.

Footrings

ATF – adjustable-height, 20” diameter cast aluminum footring; recommended for chairs with cast aluminum (**C**), nylon (**N**) and polished aluminum (**P**) bases and seat heights greater than 22”. Not recommended for the tubular (**T**) base.

G – 20” diameter chrome-plated footring replaces powder-coated footring on tubular (**T**) base or is permanently attached to cast aluminum (**C**) or polished aluminum (**P**) base. Not available on nylon (**N**) base. Recommended for chairs with **C** or **P** base and a maximum seat height of 27”.

Casters and Glides

BPG – oversized, 2” diameter plastic base glides

CRC – dual-wheel polyurethane casters for hard floors. Recommended for clean room use.

GFR – wide, dual-wheel casters for grated floors; not available for ESD applications

LKRO – conductive dual-wheel casters that lock when seat is occupied; not for chairs with nylon (**N**) base

LKRU – conductive dual-wheel casters that resist movement when seat is unoccupied; not for chairs with nylon (**N**) base

LRO – dual-wheel soft casters that lock when the seat is occupied

LRU – dual-wheel soft casters that resist movement when the seat is not occupied

MLR – dual-wheel, soft manual locking casters

NGC – nylon glide covers for standard glides

NSG – nonskid glides

R – single-wheel, thermoplastic rubber, non-marring ball bearing casters for hard floors (standard casters unless otherwise specified)

STR – dual-wheel, nonmarring conductive casters; not for chairs with nylon (**N**) base. Appropriate for clean room use.

XR – dual-wheel carpet casters

Miscellaneous

SW – skid wrapping

TK – tamperproof (nonremovable) backrest bar

BioFit's 13-Year Warranty

BioFit's furniture products* are warranted to the original purchaser against mechanical or structural failure due to defective material or workmanship for 13 years of normal, multi-shift use. Pneumatic cylinders are covered for the functional lifetime of the chair or stool.

BioFit reserves the right to recondition or replace any units covered by this warranty. Freight, loss of use and any other consequential damages are not covered. All return shipments require written authorization and must be freight prepaid unless otherwise approved in writing. COM (Customer's Own Material) upholstery materials are not covered.

BioFit takes its warranty, repair and maintenance responsibilities very seriously. Efforts by unqualified personnel to perform repairs on BioFit products can result in dangerous conditions which can lead to serious bodily injury. Any attempt to modify, alter or make unauthorized repairs to BioFit products may not only seriously jeopardize the safety of the user, but will void this warranty in every respect.

*Products and/or components are subject to change without notice. Representation of colors may differ somewhat from actual products.
